

At the start of Spring term, we re-introduced TOP TABLE. Each Friday the selected children enjoy their lunch with Miss Daley. They are selected by their class teacher for having excellent behaviour both in the classroom and on the playground.

We love going on Top Table.

I like the twinkly lights and the music.

It's much quieter on Top Table and I like chatting to Miss Daley

In the school council meetings we have been talk about the

Refurbishment of the Infant toilets and have agreed on the following:

- Making them unisex (boy & girls together)
- Knock through the wall
- New toilets, doors, sinks, tiles flooring
- No entrance doors, only cubicle doors
- Automatic lighting when the children walk in
- Powerful yet quiet hand dryers on the wall
- One long sink, with lovely soap dispensers
- Bright and colourful doors

Designs were collected and considered

Then we voted for our favourite design. We are hoping this work will be carried out over the Summer holidays ready for the new school year in September.

We also listed what playground equipment we would like – watch this space!
