

School Council Newsletter

A lot has happened this term!

Our School Library

Following the building of the Sensory room, the library was rearranged as the Sensory room used up some of the space.

New Librarians have been appointed. Congratulations to..

Annabelle, Michalina, Emeli and Emily.

These children have been helping Miss Daley to re-organise the library so that it can be easy to navigate when used again.

They are now charged with the upkeep of this wonderful space!

Meeting with the Contractors

We met Jenna and Jo back in January. They shared the plans with us and we told them which colour won the vote and asked them questions about the refurbishment work.

It was great fun talking to Jenna and Jo because they were really friendly, answering all our questions. We learn that there is a lot to consider when planning this work.

KS2 Boys Toilets

Work on the KS2 Toilets began during the half term holiday. It continued the first 2 weeks back. The boys' toilets have had white rock throughout on the wall and fresh new mirrors. This is a photo of the toilets before completion. The door has been taken off and it now feels more spacious and cleaner.

The Girls' Toilets have been completely emptied. They have had new flooring, new walls, new cubicles, new toilets, basin, hand driers, lighting and mirrors.

We really like them now. Here are some before and after photos.

School Council Newsletter

The school council officially opened the Toilets last week.

We are very pleased with them.

*Following 5 weeks of organising the School Library
our School Librarians also had an official opening ceremony.*
